

FLEMING & CUTHBERT

FUNERAL DIRECTORS

Final Wishes & Essentials

This document is designed to capture all your important personal wishes and thoughts.

These can be a great help to those who will arrange your funeral.

Please find a safe place for this and let your family or appointed person know where to find it.

Complete it at your own pace, starting with whatever feels most comfortable. Add as much detail to each point as you wish. Remember to keep sensitive information confidential. This document can be printed out or saved. You can add more sheets if required.

We hope you find this helpful as a no-cost alternative to a pre-paid funeral plan.

We understand that sometimes you need more than just a document and would prefer to reach out to us in person. Please come in and meet with us, to answer any questions you may have and provide personalised guidance. Just call for an appointment and we'll make sure we have time for you and offer you and your loved ones a warm welcome.

Your Signature Date

Consider leaving a heartfelt message for your loved ones. It's a chance to express those things we often leave unsaid, to share family stories, or simply tell them how much they mean to you. Perhaps you could mention any wishes you have for jewellery or precious items. A letter or even a video recording can be a special gift, offering comfort and connection for years to come.
